## 104 in primary

### 3 not opposed in huge field

The county Democratic executive committee will meet at 10 a.m. today at the Courthouse to certify a list of 104 candidates who qualified by last Friday's deadline for the Aug. 6 party primary.

Twenty-two additional aspirants filed in the final three days last week to boost the field over that of four years ago when 92 sought county-wide and district offices here.

Drawing the largest field, according to the list compiled by Democratic secretary Leo Seal, Jr., and County Registrar Lamar Otis, is the Best 3 seat on the board of supervisors with 10 candidates. Running are the incumbent, Charles J. Lavinghouse, Joseph A. Cuevas, Aris J. Hoda, P. S. Shaw, Charles N. Shaw, Vertis J. Ladner, James C. Ladner, Hollen Cuevas, Dorcas H. Martin and Wesley Ladner.

The post of sheriff and tax collector has the next most candidates with nine: Ernest F. (Gator) Cuevas, Norman J. Benigno, T. W. (Tommy) Egloff, II, (Daddy) Zengertling, Sylvan J. Ladner, Jr., Gerald V. Price, Jr., Orrease P. Ladner, W. A. (Fred) Curet, Jr., and Herman J. Mazzarakis.

There is no primary contest in only three offices, virtually assuring these men of election in general balloting in November. Unopposed are George Heitzmann, seeking a second term as county tax assessor; Harlan G. Dean, Best 1 supervisor rounding out the unexpired term of the

late Charles A. Russ, Jr.; and Lucien H. Raymond, Jr., running for county surveyor, a post not filled for a number of years.

Leto fillers in the race for state representative were Francis W. (Goat) Lee, Walter J. Phillips, both former officeholders, and John Longo, Jr., Waveland alderman. Clarence M. Ladner, incumbent, entered earlier.

The race for chancery clerk was swelled to four as Marie E. Quintini, present deputy in that office, and Walton J. Ladner, joined A. C. Mitchell and E. B. Breland. Claitorne Ladner, incumbent, is not seeking re-election. For the circuit clerk's post W. M. Randall and Woodrow M.

### Speed vote count plan approved

Vote counting should be at least 50 per cent faster for six of Hancock County's precincts in the August Democratic primary than it was four years ago, under arrangements worked out between the board of supervisors and the Democratic Executive Committee.

The informal plan is designed to ease the load on election officials in the county's six largest precincts. Voters at Kln and Central School in Bay St. Louis whose last names run A through L will put their ballots in one box while the M to Z group will insert theirs in another.

At Waveland and the other Bay St. Louis precincts except North Bay the division will be A through K and L to Z.

Democratic party officials requested the change in preparation for this year's primary after counting last time ran into two nights and days in some of the county's larger precincts.

### Waveland rejects water well bids, OKs pipe job

Waveland's improved water system moved a step ahead this week as the board of aldermen Tuesday night approved pipe bids but rejected bids for the water wells and re-advised this aspect of the project.

Turned down as too high were prices on the well job offered by C. T. Switzer Water Works Co. of Biloxi at \$39,650, and Loyne Central Co. of Jackson at \$33,460.

Those bids along with the ones on the pipe were opened at a special meeting last Thursday night and held for consideration. New bids have been called for July 5 and this project will now be operated into two parts in the hope more firms can submit

Walter J. Phillips, local attorney, joined the field in the race for state representative, a post he previously held.

Lamar Otis of Loggans said he would seek a second term as circuit clerk and Marie E. Quintini, deputy chancery clerk, announced she would run for that clerk's post.

## Supervisors complain

# Hit FHA loan policy here

The board of supervisors referred to Mississippi's national delegation the

jection by the Federal Housing Administration of an application for financing a proposed 1,000 lot sub-division near Pearlington and complained over inability to get FHA loans in the county.

On the motion of Supervisor H. G. Dean, seconded by J. D. Necaise, the board voted to determine why provisions of Bayou Cowan Estates sub-division were not acceptable as long as it provided sewerage, normally the reason sub-divisions here cannot qualify and appeared to meet all other requirements.

Charles H. Hill, Pearlington contractor, who proposed the project, was advised by Army

Rhodes, FHA director at Jackson, that "this area is ineligible for FHA loans."

Rhodes wrote, "As present we are of the opinion that most of the communities surrounding the NASA operations at the Mississippi Test Facility in Hancock County will experience an extensive growth in about 1966, with the approximately 2,000 workers to staff the facility. However, any firm prediction that activities at the test facility will continue at presently planned levels is precluded, in view of changes in technology and changes in emphasis that may result from space officials and

administration policies.

"Our location analysis involves several important features. We must have reasonable assurance that a location possesses a strong position in the relative total market of the general area and that currently a sufficient market exists and a continuing demand in the broad segment of the general market is indicated."

The FHA man said in the opinion of his office there "is little evidence that the subject location has or will have a strong position in the general market requirements. . . . To justify this agency to insure loans. . . ."

Rep. Clarence M. Ladner,

sitting in on the session, suggested perhaps the lack of county planning did not appeal to FHA and Board President R. G. Hubbard

## JOHN D. SMITH

announces for  
re-election as  
State Highway  
Commissioner  
for the  
Southern District

TO THE PEOPLE OF HANCOCK COUNTY:

With a sincere desire to continue serving you as your Highway Commissioner for the Southern District, I hereby announce my candidacy for re-election to this important office.

In asking the people to re-elect me as their Highway Commissioner, I do so with a clear conscience, without the aid of any individual, group or faction. My total obligation is to the people of Mississippi. The energy and ability that I possess is dedicated to their welfare.

I ask that you consider my education, training, experience, energy, character and reputation, along with the progress that has been made in the Southern District.

Highways have been a key factor in our agricultural, industrial and educational progress. They have stimulated the economy and contributed to social and recreational development. It will be my purpose to see that they keep pace with the general economic growth of our state.

In the past, Mississippi has always been handicapped by a lack of funds for highway construction, yet we have made greater progress than our sister states. Even with limited funds, we have set the pace for others to follow, and many have looked upon our program as a model of progress. If re-elected, I shall continue working with the people and the Legislature in an effort to maintain and increase the record of progress.

As in the past, I shall make every effort to see that each Mississippi dollar is spent wisely. The people are entitled to receive the value for every dollar spent, and to have their money spent only on things that are needed and necessary.

In this regard, I promise my continued effort and ability to the fact that Mississippi highways have built to the highest standards possible. I shall always oppose any lowering of standards that would result in a loss of tax revenue, hamper industrial development or weaken our position competitively with other states. I am confident that Mississippians deserve highways as good as any anywhere, and to this end I pledge the earnest of my ability.

We are now in a great era of highway building. We are making satisfactory progress in the construction of the 670 miles of Interstate highways in Mississippi. Over 150 miles are now in use—43 miles in the Southern District—and about 100 miles under construction. It is expected that all of the Interstate System will be completed by 1972.

Nearly percent of the cost of these highways is paid by the Federal Government. In Mississippi, they account for only seven percent of the state highway mileage, and it is for the remaining 93 percent that our funds are critical.

I have devoted my life to public service. The record is every source of information that I have served honestly, capably and without fear or favor.

Experience, proven honesty, integrity and ability are the ingredients to look for when you select your public officials. Consider me for the biggest jobs in our state. It is a challenge and a privilege to our very people.

The following suggestions have been made to the Highway Department:

Highway No. 611 has been constructed and paved from Mile 0 to Mile 10 in Pearl River County.

Highway No. 612 from Mile 0 to Highway No. 90 west of Bay St. Louis has already been constructed and is being paved at this time.

A section of Highway 615 from the river west was under construction and paved.

A section of Highway No. 90 in Bay St. Louis was under construction and paved.

All of Highway No. 45 has been repaired and reconstructed. We have the following schedule of work planned for the Highway Department:

The construction of Highway No. 43 from Pearl River to the Gulf Coast will be completed by the end of the year.

A survey is being made at this time to correct the location of Highway No. 45 from the Interstate. This is to correct the location of Highway No. 45 from the Interstate. This is to correct the location of Highway No. 45 from the Interstate.

A contract will be completed for the construction of Highway No. 603 from the river to the Gulf Coast. This is to correct the location of Highway No. 603 from the river to the Gulf Coast.

A survey is being made at this time to correct the location of Highway No. 45 from the Interstate. This is to correct the location of Highway No. 45 from the Interstate.

## 7-UP, Pennies win Little League play

Seven-Up routed the Junior Sheriffs 11-0 and Merchants Bank struck early to defeat Cue Oil 5-1 in Friday's Little League doubleheader. Gulf Coast Express won their first outing of the season in a single game last Wednesday, beating industrial Enameling 5-1.

The Sheriffs, winners last week in their first game of the season, just didn't have it Friday as 7-Up scored with will before a time limit halted action after four innings.

Seven-Up, evening their record at 1-1, scored in the first when Gary Varborough walked and came home on a single by Jackie Strong. The winners added four more in the third on singles by Perry Stephens and C. Williams and a combination of walks and errors, and tied the game in the fourth with six markers.

Joe Schultz was the only 7-Up player to hit safely, collecting 25 more acres in buffer sold.

Over 25 acres have been acquired for Mississippi Test Operations' buffer zone during the last week at a cost of \$61,364. Latest closings with acreage and price listed in that order are:

second lining single. Merchants Little Pennies scored five first inning runs and made them stand up for a 5-1 victory over Cue Oil. Three walks loaded the bases for the Pennies in the opening frame, and singles by Puresley, Smith, and Phillips promptly unloaded them. The lone Oiler run came across in the fourth when Statira singled and scored with the aid of an error.

Game Setups was the winning moundman allowing only one hit while walking three and fanning six. Don Caldwell took the defeat.

Gulf Coast Express never trailed Wednesday against industrial. The Express boys tallied three times in the first inning on a walk to Arthur Miller, two errors, and a pair of infield outs. They added two more in the third as Spencer Schayot singled and scored on a long triple by Mike Benigno. Benigno men crossed the plate on an error.

Losing pitcher P. Ferguson accounted for the only industrial run when he homered in the final inning.

Winning hurler was T. L. Fontaine, going the route and striking out nine batsmen.

Mike Necaise wins prizes with horse.

Mike Necaise, son of Mr. and Mrs. Everett Necaise, is making quite a name for himself in the horse world.

Mike, who has been riding his horse, Frissey, for two-and-a-half-years, won the outstanding trophy and blanket at a recent Wiggins horse show. He scored 15 points winning two blue ribbons, and one red and pink ribbon.

Last week at White Cypress, he claimed four ribbons. Mike finished first in the barrel race, pole bending, stake race, and flag event.

A student at North Bay Elementary, Mike will participate next in a horse show at Kiln Youth Center this Sunday.

TO THE PEOPLE OF HANCOCK  
COUNTY, MISSISSIPPI

I wish to take this means in announcing my candidacy for the  
office of Sheriff and Tax Collector for Hancock County in the forth-  
coming Democratic Primary to be held on August 6th, 1963. In  
making this decision I am fully aware of the qualifications neces-  
sary for this important position and feel that I can fulfill and carry  
out the duties required of this office.

Briefly I will give you a history of my personal background and  
some of the things I believe in and will endeavor to do upon my elec-  
tion to this office.

I am a native of Hancock County and was reared in the Bayou La  
Poudre community. I am a son of the late Joseph A. Zengarling and  
Mary McArthur. I am married to the former Miss Agnes Mastew  
and we have been blessed with five children, Herbert, Jr., Joyce  
Ann, Terri Kay, Alice Louise and Lisa Ann.

I received my education in the public schools of Hancock County  
and have been employed in Hancock County continuously with the  
exception of my period of service in the Armed Forces. Presently  
I am employed as a heavy equipment operator for the County.  
I am an Honorably Discharged veteran of World War II having  
served for a period of over four years, 20 months of this period  
spent overseas. I participated in four major battles and as a  
Team Leader I received four campaign stars for the battles of  
Germany, Northern France, Rhineland, and Central Europe. I am  
a member of the American Legion and Veteran of Foreign Wars.

As Sheriff I will be primarily interested in the children of our  
County and I sincerely believe that through an active Youth Program  
and good can be accomplished, and I pledge myself to work and  
cooperate with all of the officials toward this end.

It is my intention to contact each of you personally in the forth-  
coming weeks in the interest of my candidacy, however, since my  
time will be limited I may fail to see all of the people, therefore I  
sincerely ask that you consider this as a personal request for your  
support and influence.

I assure you that when elected that in addition to our County  
giving good government, the welfare of your children will be pri-  
mary in my mind and that I will protect them as I would my own.  
I will help your children.

Respectfully Submitted  
H. "Bully" Zengarling  
Candidate for  
Sheriff and Tax Collector  
Hancock County, Mississippi

Scratching was cleaning off a vacant lot opposite Valena C. Jones  
School with some playmates the other day to make it into a ball

Leonard is now wondering if there was some battle action in this  
area during the 19th century that historians have not yet noted.  
A neighbor tells him there's a tree in the next block which was

RHODES

ANNOUNCEMENT  
FOR  
re-election

Nelius C. Rhodes has an-  
nounced his candidacy for Justice  
of the Peace, Beat 5, Post No.  
1, in the August Democratic Pri-  
mary Election.

His official statement to the  
voters follows:

In making my formal an-  
nouncement for re-election as  
Justice of the Peace, Beat 5,  
Post No. 1, I want to thank my  
many friends who expressed their  
confidence in me when, four years  
ago, they re-elected me by a large  
majority. I ask for their con-  
tinued support in the forthcoming  
election.

I have always, to the best of  
my ability, performed the duties  
of the office to which you first  
elected me 12 years ago. Again,  
I am seeking this office solely  
on the record I have made dur-  
ing the last 12 years.

The duties of the Justice of  
the Peace, as described by law,  
are varied and sundry. In ad-  
dition to these responsibilities,  
I have devoted my own time to  
work with children in Hancock  
County.

I have been appointed Youth  
Court Referee by Chancellor Wil-  
liam G. Hewes; this is an hono-  
rary appointment and is in no  
way connected with the office of  
Justice of the Peace.

However, as Justice of the  
Peace I come in contact with  
youngsters charged with traf-  
fic violations; I have made it  
a part of my policy to talk with  
parents before holding any trials,  
because, as a father, I know par-  
ents are interested in their chil-  
dren's welfare.

It is my policy to be avail-  
able for service to everyone 24  
hours a day; my home is always  
open to people to come to me  
for help and it has always been  
a great pleasure to be of assis-  
tance to everyone in Beat Five.  
There will be no change in my  
policy if you see fit to re-elect  
me to serve you again as your  
Justice of the Peace.

Expressing my deep apprecia-  
tion for the confidence here-  
before placed in me by the voters  
in Beat Five, I earnestly solicit  
your continued support, and ask  
that you again re-elect me to  
office as you, my good friends,  
did in 1959.

Harold Pavolini's single drove in two runs in the last of the seventh inning to give Industrial a 6-5 victory over Kila Wednesday. Fred Scarborough was the leading hitter for the winners with 3-4 while Jerry Lader was 2-3 for Kila. McGill was the winning pitcher and Bruce Favre the loser.

Charlie Carter pitched a third-hitter as Retalia ousted Roland's Signs from the ranks of the unbeaten Wednesday 8-1. Carter allowed only three singles to the league's heaviest-hitting team prior to the game. Bob Bishop led the Dirt Digger attack with three hits in four bats. Losing moundman was Louis Lader.

## What's up on the diamond

Trepant's Knock Knock appears to be the class of this summer's  
Bay Softball League. If early season contests are any indication,  
Southern Realty and Reimke's Dirt Dobbers look like the strong-  
est challengers, although surprises Catholic Youth Organization  
and Roland's Signs could also challenge for the championship.

In women's competition, Mollere Realty and Jerome look to  
be the top contenders, but this year's race should be much tighter  
than last summer when Our Lady of the Gulf ran away with every-  
thing. OLG has several new faces in the lineup and showed a notable  
lack of experience in last week's opening two games.

Returning to the men, Trepant and Southern Realty are both  
averaging 9.75 runs per game to lead the league's offense, while  
Realty, though losers of one game, has given up but 2.25 runs on  
the average for four games to pace team defenses. Reimke is second  
in team defense, allowing only 2.5 runs per contest, but the Dirt  
Dobbers are fifth in scoring and have dropped two games. Kramky,  
Kila Youth Center, and Industrial sport the worst offensive marks,  
all averaging less than four runs an outing, while Kramky has given  
up 14.5 runs and Kila Youth Center 10.7 - low defenses.

A Trepant-Realty showdown isn't set until June 26 but that game  
should have a great bearing upon the race. The Trepants are the only  
undefeated team and have already downed Reimke and CYO one  
time. Southern Realty defeated Reimke but lost via the upset route  
to CYO.

Mollere Realty, managed by Mrs. Gergette Stolz, is 2-0 in  
women's league play, but should get plenty of competition from  
Jerome, coached by Bert Taylor. Jerome, the youngest team in the  
league, lost to Mollere by only a run Thursday night. Morra, managed  
by Cleopatra Morra, is highly improved over the past season and  
also tested Mollere Realty down to the wire in a contest last week.  
Manager Alvah Ruhr's OLG squad should improve with experience,  
and over-all it looks like an interesting race should develop.

Looking briefly at the youngsters, Coast Electric, 7-Up and  
Gulf Coast Express look like the teams to beat in Little League  
competition while in the Pony League, cut to three teams because  
of an unexpected player shortage, Fahey Drug, is a good bet to  
dethrone Youth Center for the championship.

### When it pays to swap

Just how does a baseball trade affect a major league team? A  
shining example of what a real good swap of players can do for  
baseball teams is an exchange made by the St. Louis Cardinals  
and Chicago Cubs.

The Cubs have long been a steady resident of the National  
League's second division and the Cards lately have finished in  
that area more often than not. During the winter, St. Louis parted  
with their highest-rated starting pitcher, Larry Jackson, and their  
top relief hurler, Lindy McDaniel, both acknowledged as among the  
best in the National League. The pair were sent to Chicago and the  
Cubs in exchange dealt the Cards one of the league's top sluggers,  
outfielder George Altman, and no-hit pitcher Don Cardwell.

Well, Jackson has turned into a stopper for the Cubs and Mc-  
Daniel is doing excellent relief work. As a result, the Cubs last  
week were perched in a four-way tie for first place. Oddly enough,  
another of the four teams dodged for the top spot was the Car-  
dinals. Altman is currently one of the Redbirds' good hitters, but  
more important, Cardwell was used as the key man in a deal that  
sent stellar shortstop Dick Groat from Pittsburgh to St. Louis.

To even further illustrate the effect of that one certain trade,  
Pittsburgh's Pirates have also improved their standing of a year  
ago as former reserves are doing excellent work in place of Groat.  
All three teams were laughed at by critics at times during  
the winter for their "sniplet" deals.

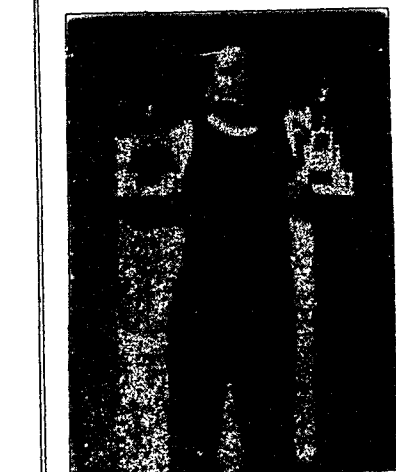

In the American League, the Chicago White Sox and Baltimore  
Orioles both completed disappointing years in 1962. During the  
winter, the Orioles dealt three or four of their top players to the  
Pale Hose in exchange for a like number of Sox stars. Included  
in the package were the league's top two shortstops, Ron Hansen  
and Luis Aparicio.

Where are they now? The White Sox started this week in first  
place in the American League. We'll admit their position wasn't  
especially secure - breathing down their necks only seven per-  
centage points back was another A. L. surprise club, the Bal-  
timore Orioles! You never know!

### Local chamber urges state pay mosquito costs

Hancock County Chamber of  
Commerce board of directors at  
its May meeting called on the  
state of Mississippi to provide  
a mosquito control program in  
Hancock, Harrison and Jackson  
Counties rather than through an  
annual levy imposed on each  
county as proposed by the Coast  
Council of Chambers of Com-  
merce.

The coast group, meeting in  
Gulfport May 15, suggested the  
estimate \$150,000 cost of the  
program be allocated among the  
counties, figuring Hancock's  
share at \$20,000. The program  
is aimed at eliminating the mos-  
quito over a 10-year period.

The local chamber resolution,  
adopted unanimously, cited large  
expenditures of the State A and I  
Board promoting the Gulf Coast  
as a resort area and to attract  
new industry in which the mos-  
quito is detrimental; substantial  
contributions by the Gulf Coast to  
the state treasury from various  
sources which would be cut if mos-  
quitoes hinder tourist trade, and  
loss of \$134,000 acres from Han-  
cock's tax rolls because of the  
NASA program which would mean  
a heavier tax burden if county  
funds have to go for mosquito  
control.
